<i>Number of women who received sleep safety education only from a PA funded program activity</i>	6
<i>Number of women who received sleep safety education only from a PA funded program activity</i>	12

Challenges:

An increase of non-English speaking women as brought the need for Somali and Spanish curriculum to the forefront. Getting resources connected with our parents of special needs children has taken some time and energy. Three infants with hearing concerns and one Down's Syndrome infant.

Comments:

June, July, and August brings about several public events where Pregnancy Options is able to share what we offer. We have seen an increase in our STI testing with bringing awareness to the community.
